5. Gloria McDonald – Family Partner – Crawford County - gloriamcd@zoominternet.net
6. Jonathan Parke – Youth Partner – Cumberland County - jonathanparke@gmail.com

CLC Pilot Project – The PASOC CLC Coordinator introduced the CLC Pilot program to committee members. At the time four SOC counties had expressed interest in participating in the pilot program, but the County Implementation Team is still awaiting final confirmation after a series of individual conferences with each of the interested counties including York, Lehigh, Montgomery, and Delaware. The subcommittee will continue to be updated monthly on the progress of the Pilot Program and committee members are not only invited but encouraged to participate in the pilot virtual meetings (Schedule TBA).

Combined Subcommittee Meeting – In coordinating planning efforts and immediate goals for the CLC subcommittee members requested the PASOC schedule a joint subcommittee meeting with the Evaluation and Social marketing subcommittees so that everyone might update each other on the work their committees have underway and what areas CLC might be able to support.

CLC Measurement Instruments – The subcommittee members discussed ways in which the PASOC might develop survey instruments to identify organizations in the PASOC actively working on CLC as well as an instrument to develop a baseline data assessment of the current state of CLC work of SOC counties. Members noted, "We need to see what's out there and what people are doing?" Members hope to use the survey instrument to identify CLC gaps that the committee can work towards bridging in the New Year.
